### FORMER NEWSBOYS SEE OLD FRIEND CONSECRATED

EDMONTON, Alta., April 4.—When Henry Allan Gray was consecrated as the first bishop of the diocese of Edmonton the morning of March 25,

there were in attendance a half dozen prominent business men who were newsboys at the time the head of the Anglican church came here as pastor of All Saints' church, in February, 1895. They were among the first to offer their congratulations and good wishes. Bishop Gray organized the newsboys here in territorial days and provided their club room. For a time he presided over the juvenile court. He also organized the boys' church brigade and the cadet corps and then introduced the boy scout movement, holding the office of district commissioner. He is known as "the Arch-deacon" all over the western country and is identified with most of the movements for uplift and betterment in Edmonton and the district. The esteem in which he is held is attested by the numerous gifts received at his consecration.

### BOTH SIDES ARE SURE THEIR CANDIDATES WILL WIN

BIRMINGHAM, April 5.—Supporters of Hobson and Underwood expressed equal confidence that their candidates would win the senatorship at the state-wide democratic primaries. Candidates for many other offices are involved in today's voting.

## Newsy Notes of Pendleton

### Marriage License Issued.

A marriage license was issued Saturday to William H. Bensell and Lillie A. Beasley, a west end couple.

### Kelly is Released.

George Kelly, the southpaw pitcher secured by Pendleton after his release by Victoria, has been released by Manager Lodell.

### Would be J. of P.

J. C. Pritchett of Freewater has filed his declaration of candidacy for the republican nomination for justice of the peace in the Freewater-Milton district.

### Brings Prisoners Back.

Sheriff T. D. Taylor arrived back in Pendleton last evening with Travis and Bud McCullough, the two Echo youths wanted here on a charge of horse stealing and apprehended at Condonally near Spokane.

### 100 Dogs Licensed.

At noon today the number of dog licenses issued had reached 100 and owners were still rushing in to pay. Some were in real anguish for their pets had already fallen into the hands of Harry Hart and were in danger of losing their lives.

### Teachers Meet to Study.

The Central Study Club, composed of the public school teachers in this city, will meet this afternoon at 4 o'clock and will consider the subject of habit formation. The teachers meet at regular intervals to study questions with which they come in daily contact.

### Sends For Round-up Tickets.

Tom Hill is in receipt of a letter from a prominent Philadelphia construction engineer, whom he met here two years ago, asking him to reserve seats and rooms for the three days of the Round-up for himself and family and also to secure them saddle horses for the week.

### Two File for Surveyor.

There is to be competition this year for the office of county surveyor, two candidates having filed for the republican nomination. One is John W. Kimbrell, former surveyor and father of the present incumbent, and the other is Willard Bradley of Freewater.

### Hatfield Buys Out Butler.

James Hatfield, well known barber shop proprietor, has purchased the interest of John Butler in the Pastime bowling parlors and will hereafter be associated with Pat McDevitt in the management of that popular place of amusement. The new firm is having new quarters fitted up under the St. George hotel and within a month plan to move into them.

### Gets Plastering Contract.

Ray C. Pinnell has been awarded the sub-contract for plastering the Hotel Pendleton by J. S. Winters, the general contractor. He will start to work on April 15 on the second and third stories and must have his contract finished by August 1. The contract calls for plastering the present building as well as the stories which are to be added.

### Fly Campaign Soon to Start.

The anti-fly campaign in Pendleton is soon to start in earnest. President Tallman of the Commercial association has called a meeting of his special committee for this evening for the purpose of outlining the course of action. The survey committee of the high school has already completed its canvass of the city and is ready to go ahead with the manufacture of the fly traps as soon as orders are placed. This survey committee will be on the job until the close of school and the intention is to have the Commercial association and council carry on the work through the summer so that by Round-up time Pendleton will present itself to the visitors as a model city.

### Recovers Chain and Nugget.

Mayor W. F. Matlock this morning recovered a heavy gold watch chain and gold nugget charm which was lost four months ago and the recovery was in a most unusual manner. The person who found the lost article of jewelry lost it in turn in the Alta theater and this morning it was restored to its original owner by Manager Colphant, who found it. At the time it was first lost, the mayor's sister-in-law had been wearing it. Its loss was advertised and a liberal reward offered but the advertisement failed to induce the finder to restore it. Thereupon, fate decreed that restoration should be made anyway. The nugget is one secured by Mayor Matlock and resembles in shape a hen sitting on a nest.

### Debate May Be Held Here.

There is a strong probability that the Pendleton-Astoria interscholastic debate for the championship of eastern Oregon and the Columbia river districts will be held in this city. Though it will cost approximately \$100 to bring the Astoria debaters here, the local school authorities believe that the expense is justified. The matter was presented to the school board and that body left it up to Supt. Landers and Principal Hampton for a decision. Accordingly, they have wired to the University of Oregon under the supervision of which institution the debates are staged, declaring their willingness to hold the debate here. As yet no answer has been received. The tentative date set for the debate was April 17 but, on account of the illness of Clarence Bean postponement until April 24 has been asked. The teams will be composed of two men each instead of three as in former years.

### Suing for Divorce.

Alleging non-support and abandonment, Mabel I. Harris has commenced suit for divorce against her husband, Thomas W. Harris. They were mar-

### "TIGHTEST" MISER FOUND.

Man With \$1016 Physical Wreck From Self Privations.

PHILADELPHIA, Apr. 6.—Although physical wreck because of his refusal to provide the necessities of life for himself, Sebastian Viero, who saved \$1100 in two years by living on 10 cents a day, recently pleaded with the detectives to be permitted to carry the money in his pockets. Bills aggregating \$164 were found by the authorities of the hospital, where the man was a patient, sewed in the lining of the man's clothes, and he declared that his life would be miserable if the money was placed in a bank. "I have no faith in banks," he told Detective Palma.

Viero, who at first gave the name of Gadealea, can speak no English, and Detective Palma, after searching all Little Italy, found that he had
